

BioLegend Industry Day May 19th 3:00 PM

Description

BioLegend will be coming to speak with UCSD students and Alumni about some of our over **100 openings!** These job opportunities are open to undergraduate, graduate, and alumni. The **CEO/Founder of BioLegend** will be speaking at this event, so you wouldn't want to miss out! BioLegend is growing rapidly, and we want talented Tritons to join us in our state-of-the-art facility in San Diego.

BioLegend develops and produces world-class, cutting-edge antibodies and reagents for biomedical research. Our mission is to accelerate research and discovery by providing the highest quality products at an outstanding value, along with superior customer service and technical support. Our product expertise covers a diverse set of research areas including Immunology, Neuroscience, Cancer, Stem cells, and Cell Biology. BioLegend's reagents are supported by superior customer service and a quality management system that is certified for ISO 13485:2016. Our aggressive product development program, through technology licensing, collaborations, and internal hybridoma development, produces strategic reagents for use in a variety of applications including:

You could have a career in research and development, manufacturing, sales, marketing, finance, administrative or technology while working in a fun and collaborative environment. You will work with some of the best minds in biotech to produce products that will lead to medical breakthroughs and improve the lives for generations to come. We invite you to learn more about our products and our plans for the future as you consider us for the next step in your career.

Wednesday, May 9th from 3:00 PM-4:30 PM
