## Join us for the **Biological Sciences Co-Op Program Winter 2023 Symposium!**

**Monday, March 13 at 6:00-8:00 p.m.**  
Natural Sciences Building (NSB) 1205 Auditorium

**Click [here](#) to register.**

Open to all students, alumni, faculty, staff,  
and community members.

The symposium will feature students' presentations on their Co-Op experience, highlighting their projects, progress, and lessons learned. The Co-Op Program includes one year of work experience and professional development training for students of all majors.

This event is an excellent opportunity to learn more about the program for students and companies interested in joining the Co-Op Program.
